INSTRUCTIONS

Introduction

By mixing and matching the 29 colorful new graphics on The Graphics Library Holiday Fun Edition with the other graphic elements in The New Print Shop® and other Graphics Libraries, you will be able to generate greeting cards, signs, letterheads, banners and calendars that express your own unique brand of creativity.

Getting Started

The Graphics Library Holiday Fun Edition is easy to use. All you need is The New Print Shop to get started. You will be using The New Print Shop in exactly the same way as you have before. Just start the program and follow the on-screen prompts.

USING HOLIDAY FUN EDITION GRAPHICS

Select your choice of Greeting Card, Sign, Letterhead, Banner or Calendar from the Main Menu of The New Print Shop. When you select **Graphic** from the menu, you will see a prompt in the Message Area that says "F9 = From Other Disk or File." Press the **F9** function key, which will bring up a list of the available disk drives on your computer system. Select the drive where the Holiday Fun Edition is located. Select the Holiday Fun graphics file and you will see a list of available graphics. Select the graphic(s) you want to use. Use the same procedure to select borders, fills or fonts from The New Print Shop or other Graphics Libraries.

Modifying Holiday Fun Edition Graphics

You can modify your New Print Shop graphics with the Graphic Editor and then save them to another data disk or to your hard disk, if you have one. Begin by selecting **Graphic Editor** from The New Print Shop's Main Menu. When you see the Editor screen, select **Load.** Use the same procedures described above to choose the graphic you would like to edit. Then be sure to save the graphic so you can use it in your own creations.
